**Research
Experience &
Organizational
accomplishments**

Chronic Schizophrenia

“Psychosocial Model”... Does it make a difference

1978-79

Outcome Parameters: As chairman of Quality Assurance from 1983-1998. Not necessarily research; but I constantly developed indicators, monitoring system, coordination and collection of data and Data analysis.

As Chief of Psychiatry coordinated and passed with flying colors JACHO review: four times in 16 years.

After release of Lexapro participated in study.

Managing Partner of Psych Associates: Started Group practice, Psych Associates, L.L.C in 1996. There were only five clinicians in 1996. We have grown to 49 providers in 7 years. It is 900 percent growth in several short years
